

PoliMI SpringerBriefs | Research for Development

Springer is a leading global company publishing books and peer-reviewed journals in science, technology and medicine (STM). Within STM, Springer is the largest book publisher and the second largest journal publisher worldwide.

Springer has established a fruitful cooperation with Politecnico di Milano, and now its portfolio includes two book series addressing the needs and demands of the scientific community: “**PoliMI SpringerBriefs**” and “**Research for Development**”.

PoliMI SpringerBriefs

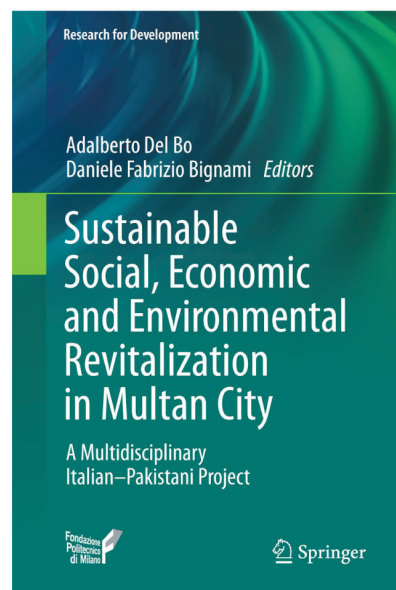

POLITECNICO
DI MILANO

Springer

► “**PoliMI SpringerBriefs**” publishes **concise summaries** (50 to 135 pages) of cutting-edge research and practical applications across a wide spectrum of fields, from Civil, Chemical, Mechanical, Electrical, Biomedical and Production Engineering to Energy, Materials Sciences and Information Technology. **PoliMI SpringerBriefs** is part of the international series “Springer Briefs” in Applied Sciences and Technology.
